

I. USE OF UNIVERSITY SPACE, FACILITIES & GROUNDS

A. General Policy

The space and facilities of the University are intended primarily for the support of the teaching, research, and service components of its mission. Second priority is given to programs sponsored and conducted by University academic and administrative departments or organizations affiliated with such departments. Beyond these two priorities, use of campus space is permitted for activities that are intended to serve or benefit the University community and must not interfere with the academic climate of the University. University buildings or grounds, with the exception of the Ferguson Center and certain other facilities, may not be scheduled for use by individuals or organizations that are not part of the University or that are not sponsored by or affiliated with a University academic or administrative department or registered student organization. Permission to use campus space and facilities may be granted only by designated University officials. An academic or administrative department or registered student organization may not reserve space or facilities on campus on behalf of a non-registered organization or off-campus group or person. The use of buildings and grounds must at all times conform to these regulations and to local, state, and federal law.

B. Reservation Requirements

Other than uses for casual recreational or social activities, reservations must be made for the use of buildings and grounds under the control of the University. Requests for reservations will be granted in accordance with the priorities of the designated area. The request must be made by a signed, written application to the appropriate office as set out in the procedures referenced below.

C. Use of Facilities by Student Organizations

1. Student organizations are required to be registered with the Office of Student Involvement and Leadership in order to use University facilities or grounds.

D. Procedure and Priorities for Designated Facilities

3. Academic Buildings

a. Academic buildings are intended for the primary use and benefit of the academic programs conducted therein. Use of these buildings for academic purposes shall be under the direction and control of the Dean responsible for the respective academic building. Any registered student organization affiliated with and sponsored by an academic department may request the use of space in academic buildings for specific purposes. These purposes may include, but are not limited to, regular meetings of honorary or professional organizations, lectures, seminars, or workshops, and special programs, e.g., band functions. The space must be reserved through the office of the Dean responsible for the academic building in accordance with that office's requirements. No recurring space assignments will be made during final examination periods unless by special permission from the Vice President for Academic Affairs. Academic use by departments and colleges has priority over other uses, and organization assignments may be changed or cancelled if conflicts with regular academic programs develop. The exterior space immediately adjacent to academic buildings is also intended for the primary use and benefit of the academic programs conducted in the academic building, but use of that exterior space should nevertheless be managed under section E. hereof to avoid scheduling conflicts with other events that may be held on campus.

b. Registered student organizations not affiliated with, or sponsored by, academic departments may request the use of space in academic facilities. This space will be assigned on a limited basis under the following conditions:

The use of these facilities shall be limited to these purposes unless otherwise authorized by the Athletic Department. Requests for use of all intercollegiate athletic facilities must be made to the Athletic Department.

The Ferguson Center is the primary designated location for displays or activities of registered student organizations.

2. Use of such other campus grounds is governed by the Ground Use Permit policy. Each applicant for an event on campus must complete the Grounds Use Permit (GUP) form. To facilitate the review by all the different University departments that have responsibility for the various aspects of an event (e.g. tents, food service, UAPD, electrical service, etc.), applicants for use of other campus grounds should request permission for such use 10 working days prior to the event. However, if an event does not involve factors that require multiple University department approvals, approval may be given in as few as 3 days, if the GUP form is filled out completely and accurately.

3. A permit granting grounds-use shall specify the boundaries of the area to be used, the date for which the use is approved, the time at which the reservation for the use expires, and any special provision concerning the use of the space.

4. Any person or group holding an event on campus grounds must remove all trash and other items associated with the event (e.g. fencing, stages, tents and tarps) and return the grounds to pre-event condition by 10:00 a.m. the following day. The University will assess the reasonable costs of cleanup to those persons or organizations failing to comply with this requirement.
