THE VULCAN ADVENTURE

STUDENT HANDBOOK 2018 • 2019

A Student's Guide to
California University of Pennsylvania

INTRODUCTION

This handbook offers Cal U students a quick and easy guide to university programs, activities and services. While not always encyclopedic in its descriptions, it does tell you where to go for information, help with problems, and what have you. In addition, it describes and tells you where to find the university catalog and other useful and more-detailed publications.

The handbook's main entries are alphabetized—with cross-references in **LARGE AND SMALL CAPITALS**—so you should have no trouble finding what you want. University telephone numbers are listed as four-digit extensions; off-campus numbers are given in full. (All university prefixes are 938.) California's area code is 724.

Note: California University of Pennsylvania and the Student Association, Incorporated are not liable or responsible for inaccuracies or omissions in this handbook. The university and the Student Association, Inc. reserve the right to repeal, change or amend the rules and regulations contained in this publication at any time.

CALIFORNIA UNIVERSITY OF PENNSYLVANIA MISSION STATEMENT

IDENTITY

California University of Pennsylvania, a comprehensive regional institution of higher education and a member of the Pennsylvania State System of Higher Education, is a diverse, caring and scholarly learning community dedicated to excellence in the liberal arts, science and technology, and professional studies that is devoted to building character and careers, broadly defined. The University is inspired by its core values of integrity, civility, and responsibility and is guided by its bill of rights and responsibilities: We have the right to safety and security, we have the responsibility to ensure the safety and security of others; We have the right to be treated with respect, we have the responsibility to treat others with respect; We have the right to expect the best, we have the responsibility to give our best; We have the right to be treated fairly, we have the responsibility to treat others fairly.

MISSION

The mission of California University of Pennsylvania is to provide a high-quality, student-centered education that prepares an increasingly diverse community of lifelong learners to contribute responsibly and creatively to the regional, national and global society, while serving as a resource to advance the region's cultural, social and economic development. Accordingly, the Cal U Strategic Plan 2015-2020 looks to our mission for inspiration and guidance.

This strategic plan is designed to empower the University to serve as a resource in the region and the Commonwealth. The strategic plan consists of five goals, with 17 objectives (strategies) that are designed to enable the strategic plan to be a "living document" that will lead California University of Pennsylvania into the future.

The strategic plan focuses the University on three key initiatives to assure the success of the University in the coming years. Those initiatives are:

- Enhancing the academic excellence and experience of our students.
- Operating with sound and efficient fiscal and governance practices.
- Achieving optimal enrollment in these challenging times.

QUICK REFERENCE GUIDE FOR EMERGENCIES

This guide is to assist faculty, staff and students in responding to a variety of emergency situations, which they may encounter at California University (Cal U) while working, attending classes or events, or living on campus.

Please become familiar with the contents of this guide. In the event of an emergency, it is designed to serve as a quick reference for effective action. New employees and students should be made aware of this guide during orientation. If there are any questions or comments regarding this guide, please contact the Director of Environmental, Health and Safety at 724-938-4411.

In order to protect yourself and others, each Cal U faculty, staff and student should know what to do in an emergency. Your response to any incident must focus on minimizing injury and loss of life. Do not jeopardize your safety or the safety of others to protect the physical assets of the University.

DECLARATION OF A CAMPUS STATE OF EMERGENCY (EOP Section 1.7.4.A)

The authority to declare a campus state of emergency rests with the University President or EAD after an evaluation of the emergency and the current state of the University.

However, the Emergency Operations Coordinator (EOC) may also declare a state of emergency if an incident requires an immediate response for the security and control of the incident site.

University Notification System (EOP Section 1.6)

The Cal U Alerts is the text messaging system used to quickly notify registered users of campus emergencies, per the University's Integrated Communications Plan.

When an alert is issued, the Cal U website will provide detailed information regarding the emergency.

Other communication tools are available for use in emergencies and are detailed in the Integrated Communications Plan.

CAMPUS RESPONSIBILITY DURING AN EMERGENCY OR DISASTER:

Emergency Administrative Director (EAD): (Vice President for Administration and Finance — 724-938-4432) The EAD assumes overall direction during an emergency and is responsible for employing the guidelines within the Emergency Operations Plan.

Emergency Operations Coordinator (EOC): (Chief of Police — 724-938-4299). As the EOC, the Chief of Police is responsible for overall coordination of the university's response to an emergency.

Emergency Command Team (ECT): The ECT provides overall leadership and guidance to the University community during an emergency or disaster.

Campus Emergency Resource Team (CERT): The ECT notifies the members of the Campus emergency resource team (CERT).

Media Relations: (Vice President of Communications & Marketing: 724-938-5492) The Office of Public Affairs will coordinate media relations and act as the link between the University and the public. The Vice President of Communications & Marketing will serve as the University's media contact for all details regarding the event, e.g. specifics on the threat, California University's response to the threat, extent of injuries, etc.

Emergency Operations Levels (EOP Section 1.7.2)

TIER 1 (Yellow): Any incident, potential or actual, which will not seriously affect the overall functioning of the University.

TIER 2 (Orange): Any incident, potential or actual, which affects an entire building or buildings, and which will disrupt the overall operations of the University. Outside emergency services may be required, as well as significant efforts from campus support services.

TIER 3 (Red): Any event or occurrence that has taken place and has seriously impaired or halted the operations of the University. In some cases, mass personnel casualties and severe property damage may be sustained. A coordinated effort of all campus-wide resources is required to effectively control the situation. Outside emergency support services will be required.

SPECIFIC EMERGENCY RESPONSE GUIDELINES

The following guidelines are only highlights of the detailed response procedures located in the applicable section of the Cal U Emergency Operations Plan (EOP)

I. Reporting Incidents, Emergencies, or Disasters (EOP Section

3.2)

1. From a safe location, report all emergencies to the Office of California University Police by dialing "HELP" from a campus phone, "*1" from a campus public pay phone or 724-938-4299 from a cellular phone.
2. In case of an emergency off campus, Dial: 911.
3. When calling, stay calm and carefully explain the problem and location to the officer.

II. Evacuation Procedures (EOP Section

3.3)

The main assembly areas in case of an emergency are:

- B parking lot (across from Dixon Hall)
- Parking lot behind Residence Halls A & B

Building Evacuation

1. When building evacuation alarm sounds and/or upon notification by California University Police during an emergency, leave by the nearest marked exit or in accordance with the posted evacuation plan and alert others to do the same.
2. Stay Calm. Do Not Panic
3. If safe to do so, assist the disabled in exiting the building.
4. Once outside, proceed to a clear area that is at least 300 feet away from the affected building.
5. DO NOT return to an evacuated building unless told to do so by California University Police personnel.

Building Evacuation for Disabled Individuals

1. As soon as the alarm sounds, proceed to an enclosed stairwell, if possible.
2. If an enclosed stairwell is not available, go into a room just off the hallway or corridor and close the door.
3. Once inside the room, open a window and drape some article of clothing outside as a signal that someone is waiting for help. If a phone is available contact California University Police at ext. 4299 or 724-938-4299.
4. On the way to the "safe area" the physically impaired person should ask a non-impaired person for aid in notifying response personnel of the impaired person's location.

Campus Evacuation

1. Evacuation of all or part of the campus grounds will be announced by California University Police.
2. All persons (students and employees) are to immediately vacate the area in question and relocate to the designated main assembly areas.
3. DO NOT return to an evacuated building unless told to do so by California University Police personnel.

Shelter in Place

When the Department of California University Police advises to shelter in place:

1. A staff member should lock the exits to prevent unauthorized persons from entry into the space
2. Staff should account for all students and staff and report anyone missing
3. When appropriate the University Department of Physical Plant will shut down HVAC equipment to prevent outside contaminated air from being introduced into the facility.

III. Biological, Chemical, or Radiation Incident (EOP Section 3.4)

1. Any suspicious package received should be left untouched.
2. The location in which the package is located should be evacuated and California University Police notified immediately at ext. 4299 or 724-938-4299.
3. It is important for anyone who comes in contact with the suspicious package not to be in contact with other people if at all possible. These individuals should remain isolated until cleared by California University Police.
4. Any exposure to a hazardous biological, chemical, or radioactive material must be reported immediately to California University Police at ext. 4299 or 724-938-4299.
5. When reporting, be specific about the nature of the involved material and exact location.
6. The key person on site should vacate the affected area at once, and seal it off to prevent further contamination of other areas until the arrival of California University Police/Health & Safety personnel.

SPILL RESPONSE PROCEDURE

1. Immediately alert fellow workers, supervisor, and California University Police (ext. 4299 or (724-938-4299).
2. Follow detailed spill response procedures located in the EOP, Section 3.4.I.
3. Report all but minor spills to the Office of Environmental Health and Safety ext. 4411 or (724-938-4411) as there are DEP and EPA regulations which require reporting of certain quantities of certain spilled materials.
4. Reporting to regulatory agencies is only to be done by the Office of Environmental Health and Safety.

IV. Bomb Threat (EOP Section 3.5)

If a suspicious object or potential bomb is observed, do not handle the object. Call California University Police at extension 4299. Clear the area immediately according to the building evacuation instructions listed below.

1. If you receive a written bomb threat, set it aside and call California University Police at ext. 4299 or 724-938-4299.
2. Do not handle the note or the letter further.
3. If you receive a telephone bomb threat, be calm, courteous, listen, and do not interrupt the caller. Try to notify a person nearby of the bomb threat so that California University Police (ext. 4299 or 724-938-4299) can be notified as soon as possible. The individual receiving the bomb threat is responsible for carefully recording the information and then immediately notifying their supervisor and the California University Police Department.
4. Keep the caller on the line as long as possible and ask the caller the following:
 - When is the bomb going to explode?
 - Where is the bomb located?
 - What kind of bomb is it?
 - Background noise
 - What does the bomb look like?
5. Keep the caller on the line as long as possible and ask the caller the following:
 - Age and gender of caller –male, female, adult, juvenile
 - Voice of caller – loud, soft, high-pitched, deep, raspy
 - Accent of caller – local, not local, foreign, nationality
 - Speech of caller – fast, slow, distorted, stutter, nasal, lisp
 - Manner of caller – calm, angry, rational, irrational, coherent, incoherent, deliberate, emotional, righteous, laughing, intoxicated
 - Background noises – office machines, factory machines, trains, airplanes, animals, music, silence, voices, traffic, party
6. Call the Office of California University Police at 724-938-4299 (if they have not been notified) and provide all the information you have obtained to the police, along with your name and location.

BUILDING EVACUATION PROCEDURE IF THERE IS A SUSPICION OF A BOMB IN THE BUILDING

1. Employees, faculty, and students should not search on their own. Opening and closing doors, drawers, and cabinets or turning off lights may activate the bomb.
2. The building should be cleared as quickly as possible but do not activate the fire alarm system as this may activate the bomb.
3. Elevators should not be used as this may activate the bomb.
4. Once outside, persons should move at least 500 feet away from the affected building and stay clear of walkways and streets that may be used by emergency vehicles and crews.

5. Do not return to an evacuated building unless permitted to do so by a California University Police Officer.

HOSTAGESITUATION If you are taken hostage:

1. Be patient. Time is on your side. Avoid drastic action.
2. Follow instructions, be alert, and stay alive.
3. Don't speak unless spoken to and then only when necessary.
4. Try to rest. Avoid speculating. Comply with instructions as best you can. Avoid arguments; expect the unexpected.
5. Be observant.
6. Be prepared to answer the California University Police on the phone. If medications, first aid, or restroom privileges are needed, say so.

V. Civil Disturbance, Strikes or Demonstrations (EOP Section

3.6) Peaceful and Non-Obstructive Demonstrations

1. Peaceful and non-obstructive demonstrations will not be disrupted unless one or more of the following conditions exists as a result of the demonstration:
 - Interference with the normal operations of the University
 - Prevention of access to offices, buildings or other University facilities.
 - Threat of physical harm to persons or damage to University facilities
2. If any of the above conditions exist, call the Office of California University Police at 724-938-4299.

Non-Violent Disruptive Demonstrations

1. Non-violent disruptive demonstrators will be asked to terminate the disruptive activity by one of Cal U's Vice Presidents or his/her designee.
2. If demonstrators persist in the disruptive activity, they will be informed that continuing the disruptive activity could result in suspension, disciplinary actions and/or possible arrest.
3. Efforts should be made to secure positive identification of demonstrators in violation of the termination request, including photographs.

Violent Disruptive Demonstrations

In the event of a violent demonstration, the Cal U President and appropriate Vice-President or their designee will be notified.

DURING BUSINESS HOURS

1. The appropriate Vice-president will notify California University Police.
2. California University Police will contact the Pennsylvania State Police and the Cal U University Public Affairs Director.
3. The President, in consultation with the appropriate Vice President and the Chief of Police, will determine the possible need for an injunction
4. California University Police will provide an officer with a radio for communication between the university and the State Police as needed.

AFTER BUSINESS HOURS

1. California University Police should be notified immediately of the disturbance.
2. California University Police will investigate the disruption and notify the Chief of Police who will report to the appropriate Vice Presidents and the President of the situation.
3. The Chief of Police or designee reserves the right to call for police assistance without counsel from others if it is deemed to be of paramount importance to the safety of persons involved.

VI. Terrorism (EOP Section 3.7)

If you suspect a credible terrorist threat exists based on your own observations or conversations that you have overheard, contact the Office of California University Police at 724-938-4299 or the local office of the FBI in Pittsburgh, Pennsylvania at (412) 432-4000

The following are examples of items that should be considered a potentially legitimate threat. This list is NOT meant to be all-inclusive.

1. An individual(s) makes a specific threat (says they have a device with a contaminant that they intend to, or have, disperse(d) into the area or into food/water being consumed.)
2. An individual(s) in an area intentionally disperses something into the air using a mechanical device (with or without any communication or threat)
3. A package or other article is discovered that has specific wording or other identification on it: identification of bomb or contaminate within; has threats or threatening wording on it; hate, or anti-American sentiments on it (e.g., Anthrax, explosives, "you will die . . ." etc.). An abandoned package is discovered that is ticking or leaking a suspicious substance.
4. People in an area begin to complain of similar symptoms that have come on them suddenly (may be a potential chemical assault or accidental release of chemical irritant).
5. Telephoned threat of a chemical or biological assault. [This should be handled the same as a bomb threat and will not constitute an immediate evacuation of the building – follow bomb threat procedures and call Office of California University Police – unless other indicators are present as well (i.e., coincides with one or more of the other conditions previously identified.)]

Take precautions when traveling. Be aware of conspicuous or unusual behavior. Do not accept packages from strangers. Do not leave luggage unattended. Unusual behavior, suspicious packages, and strange devices should be promptly reported to the Office of California University Police at 724-938-4299.

VII. Violent or Criminal Behavior (EOP Section 3.7) WITNESS TO CRIMINAL OR VIOLENT BEHAVIOR If you are a victim or a witness to any on-campus offense:

1. AVOID RISKS!
2. Promptly notify California University Police at 724-938-4299 and report the incident, including the following information:
 - Nature of the incident

- Location of the incident
- Description of person(s) involved.
- Description of property involved.

VIII. Explosion on Campus (EOP Section 3.8)

1. Immediately take cover under tables, desks and other objects that will give protection against falling glass or debris.
2. After the effects of the explosion and/or fire have subsided, notify the California University Police Department at 724-938-4299. Give your name and describe the location and nature of the emergency.

IX. Fire (EOP Section 3.10)

1. If a fire is discovered, activate a pull station.
2. Immediately notify California University Police by phone at 724-938-4299.
3. If the fire is in the very early stages and you have attended fire extinguisher training AND you feel confident that you can extinguish the fire without endangering yourself and others, fight the fire with a fire extinguisher from a position where you can escape. Small fires can often be extinguished.
4. A fire that is large or spreading cannot usually be extinguished successfully. If possible, shut down any equipment which may add fuel to the fire.
5. Leave the fire area and prevent its spread by closing the doors behind you.
6. Evacuate the building by the closest marked exit and await the arrival of California University Police. Be prepared to inform them of the exact location, details of the fire, and any chemicals that are stored or used in the area.
7. Once outside, move to a clear area at least 300 feet away from the affected building.
8. If your clothes catch fire, drop to the floor and roll to smother the flame. If a fellow coworker's clothing catches fire, knock the person to the floor and roll him/her to smother the flames.
9. Do NOT return to an evacuated building unless told to do so by California University Police Officer.

NOTE: If you become trapped in a building during a fire and a window is available, place an article of clothing (shirt, coat, etc.) outside the window as a marker for rescue crews. If there is no window, stay near the floor where the air will be less toxic. Shout at regular intervals to alert emergency crews of your location. Do not panic.

X. Earthquake (EOP Section 3.10)

Remain calm and quickly follow the steps outlined below.

1. If indoors, seek refuge in a doorway or under a desk or table. Stay away from glass windows, shelves, and heavy equipment.
2. If outdoors, move quickly away from buildings, utility poles and other structures. Caution: Always avoid power or utility lines, as they may be energized. Know your assembly points.
3. If in an automobile, stop in the safest place available, preferably away from power lines and trees. Stop as quickly as safety permits, but stay in the vehicle for the shelter it offers.
4. Evaluate the situation and, if emergency help is necessary, call the Office of California University Police at 724-938-4299.
5. Damaged facilities should be reported to the Office of California University Police and the Physical Plant Department.

XI. Floods (EOP Section 3.11)

If flooding occurs, or the conditions exist that could cause flooding to occur, observe the following:

1. Listen to the radio or watch television weather broadcasts to keep apprised of weather watches or warnings.
2. Listen to National Weather Service/National Oceanic and Atmospheric Administration (NOAA) radio broadcasts if a weather radio is available. Washington/Fayette NOAA weather can be found at 162.550 MHz.
3. Go online to track the storm and be aware of weather alerts/warnings at <http://www.nws.noaa.gov/nwr>
4. If a flood watch or warning occurs for the area you are in, move to higher ground immediately. Do not delay if a warning is posted.
5. If you are in a campus building that begins to flood notify California University Police immediately at ext. 4299 or 724-938-4299 on a cell phone.
6. Then leave the building for a facility that is not flooding.
7. When traveling do not drive through flooded roadways.
8. If a vehicle stalls in water, leave the vehicle immediately and move to higher ground.
9. Be extra cautious when driving at night, for it is more difficult to recognize flood signs, or the depth of water.
10. During heavy rains or flood alerts, etc., do not park a vehicle near any streams, rivers, or flash flood areas.
11. If caught outdoors, climb to a high ground and stay there.
12. Do not walk through or drink flood water.
13. If told to evacuate, do so immediately.
14. DO NOT RETURN TO AN EVACUATED BUILDING unless told to do so by California University Police.

XII. Tornado (EOP Section 3.12)

If a tornado is reported within a 15 mile radius of California, a Cal U Alert text message will be issued by the University to registered students, staff and faculty.

The best protection is an underground shelter or basement, or a substantial steel-framed or reinforced concrete building. (If none are available, take refuge in other parts as indicated below.)

1. In any facility always go to the lowest floor possible.
2. If your residence has no basement, take cover under heavy furniture on the ground floor in the center of the building, or in a small room on the ground floor that is away from outside walls and windows.
3. Stay away from windows to avoid flying debris.
4. If you are outside in open country, drive away from the tornado's path, at a right angle to it. If there isn't time to do this – or if you are walking – take cover and lie flat in the nearest depression, such as a ditch, culvert, excavation, or ravine.
5. If the school building is a good steel framed or a reinforced concrete building, stay inside away from the windows and remain near an inside wall on the lower floors, if possible. The large brick buildings on the Cal U campus are of reinforced construction and

- should provide adequate shelter. If in a smaller facility go to the basement or nearest brick facility.
- 6. Avoid auditoriums and gymnasiums or large metal buildings with large, poorly supported roofs.
- 7. Office buildings – go to an interior hallway on the lowest floor or to a designated shelter area. Stay away from windows.
- 8. Many times, restrooms in lower levels are safety shelters in buildings

XIII. Inclement Weather (EOP Section 3.13)

The University President, or his designee, is solely responsible for authorizing the closing of the University when severe weather and/or emergency conditions warrant either a partial or full day closing.

1. When road and sidewalk conditions become hazardous due to severe weather condition, the California University Police Dispatcher shall call out Physical Plant Grounds Crew and notify both the Chief of Police and the Director of Physical Plant.
2. The Chief of Police shall notify the Vice President for Administration and Finance of weather and road conditions surrounding the University. The Vice President for Administration and Finance recommends a course of action to the President.
3. Once the decision to close or delay is made, the President, or his designee, notifies the Vice Presidents who in turn activate their respective plans for notification of personnel in their respective areas. Essential employees shall be advised of their status and when to report to work. Non-essential personnel will be instructed not to report to work.
4. Under the direction of the Vice President for University Advancement, the Public Affairs Office will notify both radio and television media of the full-day closing or delayed opening.
 - As a minimum, the following media shall air the closing information: both the University radio and television stations, radio stations WASP, WESA, and KDKA, and television stations KDKA, WTAE, and WPXI. California University Police will revise the message tape on the switchboard answering machine with up-to-date information. Employees may call the University's toll-free number 800-422-5639 for closing information.
5. All employees are advised to evaluate road conditions in their respective areas to determine if roads are passable.
6. The university will be closed when the Governor declares a state-wide State of Emergency.

XIV. Medical Emergency (EOP Section 3.14)

1. If serious injury or illness occurs on campus, immediately dial ext. 4299 or 724-938-4299. Give your name, describe the nature and severity of the medical problem, and give the campus location of the victim.
2. In case of minor injury or illness report to the Wellness Center for evaluation.
3. In case of serious injury or illness, **ONLY certified or appropriately trained personnel** should quickly perform the following steps:
 1. Keep the victim still and comfortable. **DO NOT MOVE THE VICTIM.**
 2. Ask the victim, "Are you okay?" and "What is wrong?"
 3. Check victim's breathing and begin artificial respiration, if necessary. Send someone to get help.
 4. Control serious bleeding by direct pressure on the wound.
 5. Continue to assist the victim until help arrives.
 6. Look for emergency medical I.D.
 7. Give all information to the medical response team.

XV. Psychological Emergency (EOP Section 3.15)

A psychological crisis exists when an individual is threatening harm to himself/herself or to others, or is out of touch with reality due to severe drug reactions or a psychotic break. A psychotic break may be manifested by hallucinations, uncontrollable behavior, etc.

1. Never try to handle a situation you believe is dangerous without appropriately trained assistance.
2. Notify Office of California University Police of the situation at ext. 4299 or 724-938-4299 on a cell phone.
3. When contacting the Office of California University Police state the following:
 - Clearly state that you need IMMEDIATE ASSISTANCE.
 - Give your name.
 - Your location.
 - A brief description of the situation.

XVI. Student Death, Serious Injury or Illness (EOP Section 3.16)

In the event of a death, serious injury, or illness to a student the following guidelines should be implemented to initiate an effective response and/or course of action on the part of the university.

1. The individual making the discovery of a student who is seriously injured, ill or dead should immediately contact the Office of California University Police at ext. 4299 or 724-938-4299 and the University Health Center at ext 4232 or 724-938-4232.
2. The Vice President for Student Affairs will be notified by any University representative who becomes aware of the death, serious injury, or illness of a student.
3. The Vice President for Student Affairs will:
 - Inform the University President, the Provost, and Vice President for Academic Affairs, and the Vice President of Communications & Marketing.
 - Assemble a crisis management team to assist in handling the situation.
 - Attempt to provide appropriate notification of the situation to the family.

XVII. Utility Failure (EOP Section 3.17)

In the event of a utility failure, you should do the following:

1. During regular working hours (8:00 a.m. through 4:00 p.m., Monday through Friday), immediately notify the Physical Plant Department at ext. 4409 or 724-938-4409.
2. If there is potential danger to building occupants, or if the utility failure occurs after hours, weekends, or holidays, notify California University Police at ext. 4299 or 724-938-4299.
3. If an emergency exists, evacuate the building.
4. **DO NOT RETURN TO AN EVACUATED BUILDING** unless told to do so by California University Police.

Elevator Failure

If you are trapped in the elevator, use the emergency call or phone button in the elevator to alert others that you are trapped. If you hear or observe someone trapped in an elevator, immediately contact California University Police at ext. 4299 or 724-938-4299 for help.

Plumbing Failure/Flooding

Cease using all electrical equipment. Immediately notify California University Police at ext. 4299 or 724-938-4299. If necessary, evacuate the area.

Gas Leak

Cease all operations and immediately vacate the area. Do not switch lights or any electrical equipment on or off. Extinguish all open flames, including cigarettes. Notify California University Police at ext. 4299 or 724-938-4299 from a telephone outside the area affected by the gas leak.

Steam Line Failure

Immediately notify Physical Plant at ext. 4409 or 724-938-4409 or California University Police at ext. 4299 or 724-938-4299, and if necessary, vacate the area. Keep clear to avoid burns.

Ventilation Problem

If smoke odors come from the ventilation system, immediately notify California University Police at ext. 4299 or 724-938-4299, and, if necessary, cease all operations and vacate the area.

XVIII. Active Shooter Response Guidelines (EOP Section 3.18)

This situation is a barricaded suspect(s) or an outdoor movement situation where the suspect(s) is actively discharging a firearm at Public and/or randomly firing into an area where it is reasonably expected that persons could be struck by the suspect(s) fire. These situations leave little or no time for proper planning and normally require first arriving Law Enforcement units to take immediate action to end the danger.

IF YOU ARE INDOORS AND IN DANGER:

1. EVACUATE, if you can do so safely. Notify anyone you encounter to leave the building immediately. Evacuate to a safe area away from the danger and take protective cover. Stay there until emergency responders provide instructions.
2. When there is an active shooter, DO NOT activate the fire alarm to evacuate a building.
3. All persons NOT immediately impacted by the situation should take protective cover indoors, staying away from windows and doors. Follow the guidelines listed below.
4. If you cannot safely evacuate the building, the following guidelines are recommended:
 - Go to the nearest room or office.
 - Lock and barricade doors.
 - If the door has no lock and the door opens in, a heavy door wedge can be jammed between the bottom edge of the door and the floor, otherwise look for heavy furniture to barricade the door.
 - Turn off lights.
 - Close blinds and stay away from windows.
 - Cover windows, including windows on the door.
 - Turn off radios and computer monitors.
 - Stay calm, quiet, and out of sight.
 - Take adequate cover/protection i.e. concrete walls, thick desks, filing cabinets (cover may protect you from bullets).
 - Silence cell phones.
 - Place signs in exterior windows to identify the location of injured persons.
 - Do not open the door- it may be the shooter.
 - Remember, the shooter will usually not stop until they are engaged by an outside force.
 - If you are trapped with the gunmen and he is not shooting, DO NOT draw attention to yourself with sudden body movements, statements, comments or hostile looks.

IF YOU ARE OUTSIDE
